

Name: _____

Date: _____

Bean Soup Subtraction

1. Put one spoonful of beans in your bowl and don't change the color.
2. Count how many beans you have in all and record it on the "**Total**" line.
3. Count and move the **white beans** to the oval and record it on the "**Ate**" line.
4. How many beans do you have left in your bowl? Record the difference on the "**Have Left**" line.

Total **Ate** **Have Left**
